Mas du Fournil Villa

“John and the Only Provence team – thanks for yet another incredible trip to Provence. This is our fourth property rental with your company and, as anticipated, it was a remarkable experience. We arrived with a fantastically stocked fridge after a late Saturday arrival in Marseille. The home was beautiful, as per usual, and the grounds (where we spent so much time) rewarded the eyes with views of lavender in early bloom, cherry trees with ripe fruit, olive groves, plane trees, a small vineyard and the castle of Lacoste (illuminated at night !).

It’s not just the particular property that one rents, it’s the experience and knowing that one is going to be looked after, time and again. We will be back with you and your team.”

La Colline Villa Customer Review

La Colline Villa

My extended family and I had a wonderful week in this charming house. The owners greeted us with local gifts of brioche and wine and were attentive to our needs. Built into a rock, the house is filled with antiques yet has a modern kitchen and bathrooms. The bedrooms are large and airy and the outdoor space is lovely. The pool is on the small side and is in partial shade, but was fine for my family of 6.

Only Provence was responsive to our questions and provided the opportunity for the best experience we have had in years—a cooking lesson and dinner by Chef Ronald Guillaume. The lesson/dinner with Chef Ronald was the best experience of our 3-country, 2 1/2 week trip! Although it seems like a lot of money initially, it was worth every penny and is something we will never forget. What ever you do, don't miss it!

Mas d'Aiguebelle Villa Customer Review

Mas d'Aiguebelle Villa

Mas d'Aiguebelle was the best house we've ever stayed in and we're not novices. We have rented in Provence every summer for over six years and this house wins hands down. Two dishwashers, two fridge freezers, a walk-in cold room, two washing machines, two dryers, a Nespresso machine, a juicer, a large and small Magimix. I could go on and on. And that's just the kitchen.

Beautiful and functional and fully equipped bathrooms. A cinema which WORKED. Air conditioned throughout. A lovely herb garden. Wonderful woman who took care of the property. Generous hosts to say the least. A dream holiday home. And a stunningly huge swimming pool for us swimmers. Oh, and I haven't mentioned the cooker, nor the rotisserie, nor the barbeque, the boule court. the table tennis table, the rowing machine... I could go on and on.

Only Provence Review for le Prieure du Chateauneuf

The house in Chateauneuf was absolutely beautiful. We loved the home, the grounds, the location, and the owner. It was elegant and beautiful, yet comfortable and very thoughtfully set up. It felt like staying in the home of a good friend. We appreciated how well-stocked the kitchen was, the barbecue outside, the toys for the children, the market bags that we could use for our morning bakery runs, and all the extra linens and towels (having the pool towels were very convenient). It was a wonderful experience. The location in the village, close to restaurants and shops and wine-tasting caves could not be beat.

We absolutely loved the house and the owner. I would highly recommend this property to other people looking to rent, especially if they were interested in the region's wine. It's the perfect place to do tastings and tour local vineyards.

Customer Review for Only Provence

I just wanted to send a quick note saying (1) how wonderful our stay was. the home was beautiful and perfect and truly one of the nicest places we have stayed.

There was an understated elegance, the grounds were perfect and absorbed the kids well, all the amenities were great, from the bed sheets and bed rooms and bathrooms to the well-stocked kitchen (in terms of glasses, plates, etc.) to the tennis court and pool. (2) I wanted to comment on how great a job Tara did as the property manager. She was incredibly responsive, greeted us nicely, checked in throughout the week, responded to any questions we had, and had a nice connection with and to the other services we hired, including the chef and babysitter, which were also great. I was quite impressed and just wanted to let you know as I understand the house has only recently started being rented out. I believe one of our families is considering a family reunion there next summer with the grandparents given the peaceful, beautiful setting and great location.

Anyway, I just wanted to let you know how pleased we were with everything and we will definitely recommend the house and the company to others.
